

THE PROJECT

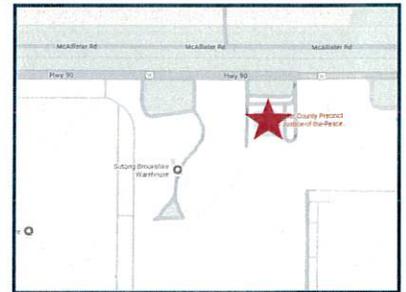

The Houston-Galveston region accounts for nearly 20% of traffic deaths in Texas. In an average year, 739 people are killed and 3,678 people experience life-altering injuries from traffic crashes within the region. Each day two people are killed, ten people are seriously injured, and countless years of life are lost. In response to these tragedies, the Houston-Galveston Area Council (H-GAC) and local agencies have initiated the **H-GAC Safety Action Plan (SAP) project**.

Attend our Waller County public meeting and visit our website to learn more about the project!

Waller County Justice Court Precinct 4
 Tuesday, February 24 | 6 - 8:00pm
 32225 US Highway 90 Business, Brookshire, Texas 77423

THE TRADITIONAL APPROACH

- Traffic deaths are **INEVITABLE**
- **PERFECT** human behavior
- Prevents **COLLISIONS**
- **INDIVIDUAL** responsibility
- Saving lives is **EXPENSIVE**

THE SAFE SYSTEM APPROACH

- Traffic deaths are **PREVENTABLE**
- Integrate **HUMAN FAILING** in approach
- Prevent **FATAL & SEVERE CRASHES**
- **SYSTEMS** approach
- Saving lives is **NOT EXPENSIVE**
